THE ELAC HONORS PROGRAM and
The Honors Transfer Council of California
Proudly Announce:

The Sixteenth Annual HTCC Student Research Conference for California Community Colleges

Saturday, March 26, 2016

Hosted by the University of California, Irvine

The HTCC annual student research conference gives students in community college honors programs the opportunity to present the results of their work. We invite research-based presentations and creative performances reflecting inquiry into the humanities, sciences, arts, social sciences and pre-professional programs; we also welcome results of research into the honors experience.

Presenting your work at the HTCC Student Research Conference makes you eligible not only for monetary awards but also to submit your work for publication in the HTCC anthology "Building Bridges", published through the University of California, Irvine. In addition, it provides you with the opportunity to engage in research, show case your work, network with other students and campuses, and build your academic portfolios.

Presentation Formats Include:
Research Poster, Individual Oral, Small Group Oral, Large Group Oral or Performance. *Details available at HTCC website.*

Applications Due:
Wednesday
December 16, 5:00pm
****
